

Mothering - Our Longing and Responding A Healing Workshop

Papatuanuku, Giaia, Mother Earth is in crisis. We too are challenged by the lack of mothering we received in order to live fully in our world , to care for ourselves, one another and our planet.

Mothering is a particular kind or quality of love typically expressed by one person in western culture - the mother. Mothering is actually demonstrated across genders and across cultures in many ways.

This workshop is for all of us who recognise the lack of mothering in our childhood and are ready to take the opportunity to fill in some of the gaps. During our two days together we will focus on healing the hurts and generating new ways of being with ourselves and one another that nurture and sustain us as we accept the aroha of Papatuanuku and love her back.

Dates Saturday 3 July 10am to 4pm and Saturday 10 July 10am to 4pm
Venue Health Action Trust 86 Selwyn St Nelson - car parking available at rear
Cost \$80 Less than Living Wage \$160 Living Wage+ [Total For Both Days]

Registration via email jacqui.gough@gmail.com or text 027 3091158

Workshop Leaders: Jacqui Gough (AANZPA Associate member) Kate Tapley (AANZPA Associate member)
